As an Informatics Engineering student at Syarif Hidayatullah State Islamic University Jakarta, I have developed skills in front-end web development, including HTML, JavaScript, React Js, and CSS. I am passionate about creating user interfaces and paying attention to aesthetics and functionality in my design. I am proficient in soft skills, including teamwork, event management, and time management. I have applied these skills in various projects and collaborative environments, demonstrating my ability to work effectively in a team. I am committed to continuously improving my skills and contributing creatively at every opportunity.

EDUCATION

Syarif Hidayatullah State Islamic University Jakarta   Sep 2023 – Present
Informatics Engineering

- GPA 3.49 of 4.00 (Current)
